

BACKSTORY

CABERNET SAUVIGNON

California

Each year, a new chapter unfolds in our vineyards. Long warm days and constant nurturing give way to the frenzied excitement of harvest. Early dawn brings rushing feet, busy clippers and bins swelled with ripe fruit hurried to the waiting cellar. There, our winemaker's patient hand and the embrace of gentle oak coax vineyard bounty into finished wine. Every wine has a back story, a place where bold characters are born. A rich storyline set against a lush backdrop that unfolds with layer upon layer of intrigue. And in the case of a true classic, a finish that leaves you wanting more.
